

PENSTICK STATISCH HECHTENDE FOLIE

Cling Films for Sign Making

PENSTICK Sign is a cling vinyl film. **PENSTICK Sign** adheres without adhesive to smooth glossy surfaces like e.g. glass. Thus **PENSTICK Sign** is easy to apply and remove, without leaving residues. **PENSTICK Sign** comes on a cast-coated board with 180 g/m² which makes it easy to plot. **PENSTICK Sign** is available in a variety of opaque and translucent colours, white, black, transparent as well as silver and gold.

Characteristics

- adheres without adhesive to smooth, glossy surfaces
- easy to remove
- leaves no residues
- reusable
- good plotting characteristics
- good UV-resistance

Applications

- decoration
- advertising
